

Internship at COGEN Europe, Brussels, for a period of 4 to 6 months

Main responsibilities:

Conduct research and draft reports under the responsibility of senior staff

- Monitoring the latest European news in the energy sector
- Preparation of and participation in workshops, conferences and networking events
- Participate as an observer in a number of European projects
- Attend major European energy-related events in Brussels

The internship, will allow the stagiaire/intern to:

- Gain valuable first-hand experience of European energy and environmental policies and legislation, as well as insights in the European decision making process
- Bolster and showcase his/her research skills by drafting reports
- Have the opportunity to learn how European projects are set up and coordinated
- Have the opportunity to participate in a number of external events in Brussels
- Familiarise him/herself with the specificities of working in a dynamic Brussels-based sector organisation

Requirements:

- University Degree
- Good understanding of the policy-making mechanisms of the European Union
- Some experience in desk-based and web-based research welcome
- Basic understanding of energy issues and related topics
- Full mastery of English; working ability in German will be an advantage, as will mastery of other major European languages
- Some aptitude in drafting/editing a variety of bulletins/news clips and articles
- Energy and the flexibility to work in a busy, dynamic international environment

This internship is unpaid.

The internship will start as soon as possible in May for a period of four to six months.

Send your CV and covering letter as soon as possible by email to info@cogeneurope.eu to the attention of Dr. Fiona Riddoch, Managing Director of COGEN Europe.
